

Free Natural History Summer Series at the Museum!

Join us Tuesdays from 2:00 - 3:00 for exciting free programs about Bats, Bears, Snakes, Fishers, and Owls!

July 19, 2022
"The Ultimate Barred Owl Experience"

Frank DiNardi, long-time local resident is a raptor enthusiast, photographer, and videographer. He has filmed a family of owls that have grown up right in his own backyard!

July 26, 2022

"Bears!"

Bears are our wild neighbors. How can we be good neighbors? What is bears' habitat, diet, and behavior? Current research shows there are approximately 900 bears in Connecticut.

Ginny Apple is a Certified Master of Wildlife Conservationist (State of CT Department of Energy and Environmental Protection).

backyard:

August 2, 2022

"Fishers in Connecticut"

Paul Colburn, MWC, will focus on the history of the fisher in Connecticut, an overview of fisher habitat, diet, behavior, and reproduction. Fisher artifacts are shared with the audience.

August 9, 2022

"Bats!"

Local librarian Maureen Heidtmann moonlights as a bat expert and rehabilitator! She will cover bat populations in Connecticut, the threats they face, and how we can help protect them. She'll bring some of her furry flying friends with her! Maureen has been working with bats for more than 25 years. She is a licensed wildlife rehabilitator and a Certified Wildlife Conservationist with the State of Connecticut's DEEP.

August 16, 2022
